Like most families, as they get older, we too seem to have run out of space. Moving, is out of the question, so we've called in the renovators and expanded the Falcon E-News to a whopping 6 page publication.

The expansion is needed in order to accommodate something new to the newsletter ... advertising. Like most local community clubs the cost of operations have been steadily increasing. It's always been a challenge for each and every board to find ways to generate the revenues needed to fund the operations and programs year in and year out.

The main revenue streams have traditional been booster fees, facility rentals, fund raisers like the winter carnival and breakfast with Santa and donations of cash, services and or products from generous local businesses.

It's a tough sell these days to approach many businesses for donations as many of our local business owners and managers are facing some difficult times these days. So rather than just ask for a donation we thought it might be a good idea to offer something in return to those special businesses that have long supported our community centre .. some good old fashioned advertising.

Our little newsletter is distributed monthly to the homes and apartments serviced by our local merchants and that makes our newsletter a viable advertising vehicle.

It also makes it easier for our local businesses to justify the expenditure when they are getting a return on their investment.

For those businesses that come on board first we'll repeat their ad in several locations throughout the newsletter as a bonus for being first. However, we'll be adding new ads every month till all locations are filled.

Space is limited so if you know of a local business or are involved in a business that would like to take advantage of this very focused form of advertising then contact the club and a representative from the advertising committee will be happy to get back to you.

One thing to remember, whenever possible, please support those businesses that support us. It is a terrific way of saying thanks for taking an active interest in our community centre.

#### Greendell Mission Statement

Our goal is to provide affordable, quality programs for all ages; equal access and participation; and a safe enjoyable environment.

We will strive to be sensitive to the expectations of members and residents; and open and accountable in our administration.

We encourage active participation by our members as volunteers.

We advocate Fair Play.

## Greendell Park CC Set To Launch It's New Website

Greendell Park Community Centre has hired the Winnipeg based firm OfficeSmarts, a locally owned and operated website development firm, to design and implement an interactive website that should be online by the new year. The initial plans call for the website to feature community based program descriptions, a monthly calendar of events, contact information, news and events, scheduling of sports tryouts and much more. Contacting of various board members, club administrator, facility rental coordinators, convenors and club service personal will soon be able to be done directly through the website. Archived issues of the newsletter will also be available online as well. The new website should greatly enhance our ability to communicate and make accessing club information easier for you our members. Look for the launch announcement in a future issue of the Falcon E-News.

## The 2010 Volunteer Appreciation Dinner

On November 12th Greendell Park Community Centre will once again host it's annual "Volunteer Appreciation Dinner". It our club's special way of saying thank you to the many volunteers who give willingly of their very precious spare time. These individuals are the coaches and assistant coaches, managers, board members, committee volunteers, winter carnival volunteers and more who help make things tick around here.

For most volunteers a smile from a player and appreciative nod from a parent or the occasional thanks from a special events attendee is often more then enough thanks to keep them coming back year after year. Without these tireless workers many sports tournaments, carnivals and club services just would not be possible.

Once a year the invitations are sent out and those individuals that have volunteered throughout the past year are treated to a sit down dinner after which, based on nominations submitted to the board of directors, a select few are singled out to receive some special recognition for a job well done. These tireless few have put in countless hours of work usually spanning several years of service and more often then not in a variety of service roles.

So thanks in advance to everyone who has lent a helping hand around the club and congratulations to those very special few whose efforts over the years have not gone un-noticed or un-appreciated.

We'll recap the award winners in next month's issue of the Falcon E-News.
